Proficient Front End Web Developer with a passion for creating interactive, engaging websites and applications. Expert in HTML/CSS and JavaScript.

Work Experience

Front End Web Developer(intern), Eeco Technologies, Kozhikode,Kerala

November 2022 - Present

- Developed front-end user interfaces for several complex web applications with HTML, CSS, and JavaScript.
- Optimized websites for maximum speed and scalability, while also ensuring compatibility with various browsers and devices.
- Developed and maintained reusable code libraries, while keeping track of changes and their effects on existing functionality.
- Created custom UI components and implemented layouts using HTML5, CSS3, and JavaScript.
- Participated in code reviews, feature planning, and design reviews.
- Investigated and resolved technical issues related to front-end development.

Relationship Manager, Maruti Suzuki Nexa, Popular vehicles and services,Kozhikode,Kerala

August 2021 - July 2022

- Developed and maintained successful relationships with clients by providing superior customer service.
- Sales and marketing: You will need to have a deep understanding of the products and services offered by the company and be able to communicate their features and benefits to potential customers effectively.
- Data analysis: You must analyze customer data to identify trends, issues, and opportunities for improving customer satisfaction and sales.
- Collaborating with other departments: You will need to work closely with other departments such as marketing, sales, and product development to ensure that the company is meeting customer needs and expectations.
